Investment

An Investment Product typically provides for an Initial Commission as outlined below. Brokerages may also agree with a client a recurring commission that may be based on a percentage of the value of the fund or the annual premium. If for some reason a client moves or terminates their policy within a particular period of time, this might result in the provider seeking to “clawback” some or all of the commission paid to the broker, depending on how long the policy was active with the provider.
